- Web Development: HTML, CSS, JavaScript, React
- Database Management: SQL
- Version Control: Git
- Development Tools: Visual Studio Code, PyCharm
- Team player
- Attention to detail.
- Creative

EDUCATION AND TRAINING

CCNA1(98.4/100), Cisco Networking Academy, Wollo University, Ethiopia Oct 2020 - Jan 2021

CCNA2(99.8/100), Cisco Networking Academy, Wollo University, Ethiopia Jan 2021 - Jul 2021

Diploma: Software Development, SAIT, Calgary, AB

May 2023- Present

CGPA: 3.74

WORK EXPERIENCE

The UX Design project, SAIT College

Sep 2023 – Dec 2024

- Conducted user research to understand the needs and preferences of target users for mobile applications.
- Designed user interfaces and experiences (UX) for mobile applications, ensuring intuitive navigation and optimal usability.
- Created flowcharts to visualize the logical flow and user interactions within the applications.
- Developed comprehensive documentation including design specifications, user personas, wireframes, and user stories to guide the development process and ensure alignment with project goals.
- Collaborated closely with developers, product managers, and stakeholders to refine designs and iterate on feedback throughout the development lifecycle.
